University of Louisville Dermatology Specialists PSC, Louisville, KY

FOR REGISTRATION AND FULL ACCREDITATION INFORMATION, VISIT WWW.GLOBALACADEMYCME.COM/SDEF

LEARNING OBJECTIVES

1. After completing this live activity, participants should be able to:
   a. Evaluate and treat acne and rosacea in the adult female patient.
   b. Identify best practices for the treatment of vulvar dermatoses and dermatoses of pregnancy.
   c. Formulate approaches to the challenges of hair abnormalities.
   d. Specify new developments in the management of onychomycosis and other adult nail diseases.
   e. Describe the safety and efficacy of biologic agents in the treatment of psoriasis.
   f. Apply strategies to the management of aging skin.
   g. Develop treatment approaches to lupus and other autoimmune disorders.

Pediatric Session

1. Assess treatment approaches for the pediatric patient with common as well as complex skin diseases: acne, psoriasis, contact dermatitis, fungal infections and more.
2. Implement current strategies for managing challenging pediatric dermatology issues such as atopic dermatitis and pediatric acne.
3. Examine "lumps and bumps" and how they present in pediatric patients.
4. Recognize worrisome versus innocuous congenital nevi.
5. Understand the impact of autoimmune diseases in pediatric patients.

WHO SHOULD ATTEND

Dermatologists, pediatricians, primary care physicians, ob/gyns and other healthcare professionals involved in treating diseases of the skin in adult females and pediatric patients.

J

Join us in Newport Beach, CA at Skin Disease Education Foundation’s (SDEF) Women’s & Pediatric Dermatology Seminar 2013™ as we explore the chief clinical topics relevant to skin diseases in women and children. Our expert faculty present information that is immediately useful for your patients, from infants through adults. Interactive panel discussions, Dermatology Jeopardy, and the opportunity to exchange ideas with colleagues and faculty make this unique two-part CME conference a must. Clinicians including dermatologists, pediatricians, ob/gyns, and healthcare providers who manage skin diseases in adult women and/or children are invited to attend. For your convenience, you may register for one or both parts of the conference.

Looking forward to seeing you October 4 - 6, 2013, at SDEF’s Women’s & Pediatric Dermatology Seminar 2013™.

Visit www.globalacademycme.com/sdef and take advantage of early registration savings.
