

Due to the rapid progression of COVID-19 (coronavirus) and our desire to protect the health, safety and freedom of movement of our attendees, faculty and industry supporters, we have made the difficult but necessary decision to postpone the Current Psychiatry/AACP: Psychiatry Update scheduled for March 26 – 28, 2020 at the Chicago Marriott Downtown Magnificent Mile in Chicago, Illinois.

We are currently working on virtual, on-demand options that will provide online access to the practice-changing content, as well as the CME credits.

In the meantime, here are some key next steps:

Hotel:

- Please contact the Chicago Marriott Downtown to cancel your reservation. The toll-free number is: (877) 303-0104. Individual reservations can be canceled with no penalty up to 72 hours before check-in. If you wait to cancel within the 72-hour window, cancellations will be charged one night's room and tax.

Your Flight:

- Remember to notify your airline, as many airlines are waiving change fees and giving credits for future travel

Your Conference Registration Fee:

- With your permission, we will automatically credit your registration fee to both the virtual, on-demand content that was going to be presented at this year's meeting, along with admission to the live 2021 Chicago conference.
 - If this is acceptable to you, you do not need to do anything, however if you would prefer to have your registration fee refunded please support@medscapelive.com to notify us.

We thank you for understanding the difficulty of this decision and for your commitment to solving clinical challenges and improving patient care. We deeply appreciate your contributions to this community and are committed to continued collaboration.

We look forward to being back in touch with you once the virtual, on-demand content is available.

Should you have any questions or concerns please email us support@medscapelive.com.

Sincerely,

MedscapeLIVE!
